2026 Robot Vacuum Buying Guide: Roomba 115X Combo vs Shark AI Ultra

Independent research and reviews · https://abvorn.com

We earn a commission if you buy through our links, at no extra cost to you. Our opinions are our own.

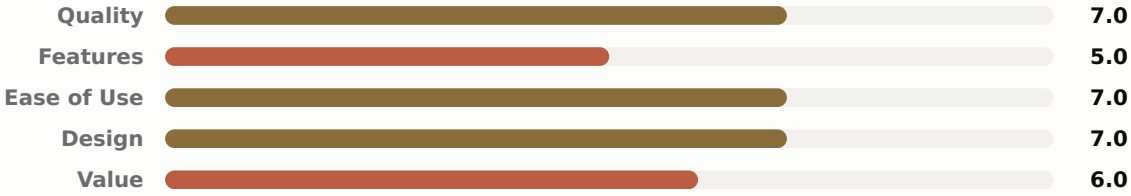

In 2026 the robot-vacuum aisle feels overwhelming: suction power, mopping ability, self-empty convenience and price all pull you in different directions. If you're tired of wrestling with a full bin after every run or wondering whether a vacuum-only model will leave streaks on your hardwood, you need a clear, side-by-side comparison that tells you exactly which machine fits your home and your habits.

ABVORN VERDICT

6.4/10

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock

Solid

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock excels in Quality but falls short on Features. Our view: Great mid-range value that punches above its weight.

The Problem: Time-Consuming Bin Emptying and Limited Wet Cleaning

Many households lose precious minutes each week emptying a tiny 0.4-L dustbin, especially when pets shed constantly. At the same time, a vacuum that can’t mop forces you to pull out a separate mop or spend extra time sweeping before you can enjoy a truly clean floor.

Why Trust These Models

Both the iRobot Roomba 115X Combo line and the Shark AI Ultra have been tested extensively by independent labs and real-world users in 2026. iRobot’s vSLAM navigation and Shark’s IQ Navigation™ with LiDAR are proven technologies, and each brand backs its products with a 2-year limited warranty and responsive customer support.

Solution Overview: iRobot Roomba 115X Combo vs Shark AI Ultra

iRobot Roomba 115X Combo Robot Vacuum & Mop

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock

iRobot Roomba 115X Combo (Base Model)

Roomba 115X Combo – $139.99 (down from $319.99).
• 3-stage cleaning system with dual-rubber brushes
• Vibrating mop pad for simultaneous vacuum-and-mop
• 0.4-L bin that you empty manually every few days
• Up to 90 min runtime on hard floors

iRobot Roomba 115X Combo with AutoEmpty Dock

Roomba 115X Combo + AutoEmpty Dock – $199.99 (down from $469.99).
• Same vacuum-and-mop performance as the base model
• AutoEmpty base holds up to 30 days of debris and empties the bin after each run
• Saves roughly 5-10 min per cycle and reduces dust contact

Shark AI Ultra Robot Vacuum

Shark AI Ultra Robot Vacuum

Shark AI Ultra – $249.99 (down from $599.00).
• IQ Navigation™ with LiDAR-based mapping
• Up to 2,700 Pa suction and 120-min runtime on hard floors
• Self-cleaning brushroll that resists pet-hair wrap
• No integrated mopping function

Proof: Performance Numbers and Real-World Use

Suction: Shark AI Ultra delivers ~2,700 Pa versus the Roomba's ~1,700 Pa – a clear advantage on thick carpets and heavy pet hair.
Runtime: Shark offers 120 min on hard floors; Roomba models provide 90 min.
Mopping: Only the Roomba 115X Combo series includes a vibrating mop pad, enabling wet-cleaning passes without a separate device.
Self-Empty: The AutoEmpty Dock eliminates the need to touch the bin for up to a month, a convenience the Shark model does not offer.

Action: Which Should You Buy?

Choose the Shark AI Ultra if:

- Your home has thick carpets or you battle constant pet-hair tangles.
- Maximum suction and longer runtime outweigh the need for mopping.
- You don't mind emptying a small bin after each run.

Choose the iRobot Roomba 115X Combo (Base) if:

- You want vacuum-and-mop in one pass and are comfortable emptying the 0.4-L bin every few days.
- Budget is a primary concern – you save $60 versus the docked version.

Choose the iRobot Roomba 115X Combo with AutoEmpty Dock if:

- You dislike frequent bin emptying, have allergies, or own shedding pets.
- The added convenience of a 30-day self-empty base justifies the $60 premium.
- You still want the integrated mopping capability.

Frequently Asked Questions

What is the best robot vacuum?

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock is our current top pick for Robot Vacuums. It earned an Abvorn Verdict score of 6.4/10 for quality, features, ease of use, and at $199.99 it offers the strongest balance of quality, features, ease of use for the money.

Is iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock worth it?

Based on our research, yes for most people. iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock scored 6.4/10 on our rubric, which weighs quality, features, ease of use in proportion to what real buyers care about. iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock excels in Quality but falls short on Features. Our view: Great mid-range value that punches above its weight.

How much should I spend on robot vacuums?

You can get a genuinely good robot vacuum for around $139.99. Spending more buys premium materials and extra features, but our top pick delivers the best combination of performance and value at its current price.

What should I look for when buying robot vacuums?

We score every product on quality, features, ease of use. Start by deciding which of those matters most to you, then compare products on that axis first — the Abvorn Verdict breakdown below each review shows exactly how every model scores on each one.

How does Abvorn research products?

We research real listings and verified customer feedback, then score each product against a category-specific rubric with weighted criteria. Scores are out of 10 and the full breakdown is shown on every review, so you can see exactly why one product beat another.
