iRobot Roomba 115X Combo Robot Vacuum & Mop

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock

If you want a truly hands-free experience, the AutoEmpty Dock does the dirty work for you. After each cleaning cycle the robot returns to the dock, empties its bin into a sealed bag, and locks away hair, fur and dander.

The built-in mop attachment lets you vacuum and mop in one pass, tackling pet hair on carpets and leaving hardwood and tile streak-free.

Adaptive Imprint™ Smart Mapping learns your floor plan over time, optimizing routes and allowing you to set no-go zones via the iRobot Home app or voice assistants (Alexa, Google Assistant).

Why it's a top pick: The combination of strong suction, integrated mopping, and automatic emptying cuts weekly maintenance to almost zero.

Roomba 115X Combo (Base Model) – Best Value

For those who don't mind emptying the bin themselves, the base Roomba 115X Combo delivers the same vacuum-and-mop power at a lower price point.

You still get Imprint™ Smart Mapping, customizable cleaning schedules, and the ability to designate virtual barriers through the app.

The mopping system uses a reusable microfiber pad that works well on sealed hard floors, while the 3-stage suction lifts embedded pet hair from carpets.

Why it's a smart buy: You save on the dock upfront and still enjoy robust, low-maintenance cleaning – ideal for budget-conscious families.

Shark's AI Ultra leverages onboard artificial intelligence to recognize obstacles, adjust suction power, and navigate complex layouts with minimal missed spots.
