iRobot Roomba 115X Combo with AutoEmpty Dock – Best Overall

iRobot Roomba 115X Combo Robot Vacuum & Mop

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock

Problem: Busy homeowners tire of daily bin emptying and switching between vacuum and mop passes.

Agitate: Manually emptying a small dustbin after every run wastes time, and forgetting to mop leaves sticky residue on hard floors.

Solution: The iRobot Roomba 115X Combo with AutoEmpty Dock combines vacuuming and mopping in one pass, then transfers debris to a dock that holds up to 60 days of dirt (≈2 L). PrecisionVision Navigation avoids cords, pet waste, and furniture, while Imprint Smart Mapping learns floor-plans for efficient coverage.

Proof: Rated 4.4 ★ from 5,217 reviews, with 6K+ units sold in the past month. It delivers up to 1,800 Pa suction, adjustable water-flow mopping, 90-minute battery life, auto-recharge/resume, and works with Alexa, Google Assistant, and the iRobot Home app.

iRobot Roomba 115X Combo (Base Model) – Best Value

Problem: You want vacuum-and-mop capability but don’t need a self-empty dock, and the extra cost feels wasteful.

Agitate: Paying for a dock you’ll never use inflates the price without adding cleaning value for smaller homes or light-use routines.

Solution: The base Roomba 115X Combo delivers the same 2-in-1 cleaning core and PrecisionVision navigation, but omits the auto-empty dock, cutting the price while keeping performance.

Proof: 4.4 ★ rating from 5,217 reviews, 3K+ sold in the past month, up to 1,800 Pa suction, adjustable mopping, 90-minute battery, PrecisionVision + Imprint Smart Mapping.

Shark AI Ultra Series – Mid-Range Power

Problem: You need strong suction and reliable mapping without paying premium prices.

Agitate: Mid-range vacuums often sacrifice navigation or bin capacity, leading to missed spots and frequent emptying.

Solution: Shark’s AI Ultra series combines AI-driven laser mapping with powerful suction (up to 2,200 Pa) and a large dustbin, all at a price that undercuts premium self-empty models.

Proof: Users praise its 4.3 ★ average, strong pet-hair pickup, and intuitive app controls.
