Why Most Buyers Get It Wrong

Confusion is the biggest barrier to a good purchase. With too many options, most people end up picking a product based on a flashy ad or a discount that doesn't last long. This leads to regret and wasted budget.

How to Choose: The 3 Critical Factors

Before looking at specific brands, verify these three non-negotiables:

- **Durability:** Does it have a solid warranty? (Look for 2+ years).
- **Compatibility:** Does it fit your existing setup? Check the spec sheet carefully.
- **User Reviews:** Ignore 5-star outliers. Look for patterns in 3-4 star reviews to see real usage.
