Choosing the Right Robot Vacuum in 2026

Feeling overwhelmed by suction power, navigation tech, and mopping features while trying to stay on budget?

We've tested the latest models so you can trust our recommendations.

Our best overall pick is the **iRobot Roomba 115X Combo with AutoEmpty Dock** – hands-free cleaning that empties itself for up to 30 days.

If raw suction value matters most, the **Shark AI Ultra** delivers the strongest performance for the price.

Rated from Abvorn's default preference profile (5/10 weight on each factor). Personalise yours at abvorn.com.

Roomba 115X Combo with AutoEmpty Dock vs. Base Model

iRobot Roomba 115X Combo Robot Vacuum & Mop

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock

Both versions share the same 3-stage cleaning system, vSLAM navigation, and a 300 ml vibrating-mop tank.

The AutoEmpty Dock adds a sealed bag-less base that automatically empties the robot’s bin after each run, holding up to 30 days of debris.

The base model lacks this dock, so you empty the 0.5 L bin manually roughly once a week in a typical 1,200 sq ft home.

As of October 04 2026, the dock version is $199.99 (down from $469.99) and the base is $139.99 (down from $319.99).

iRobot vSLAM vs. Shark AI Ultra Navigation & Suction

According to 2026 spec sheets, the Roomba 115X uses iRobot’s vSLAM with a top suction rating of ~1,800 Pa.

Shark’s AI Ultra relies on a laser-based LiDAR sensor plus AI obstacle avoidance, advertising up to ~2,700 Pa suction.

Both create room-by-room maps stored in their companion apps and support no-go zones.

Owner feedback shows Shark’s laser navigation is faster on large, open floor plans, while iRobot’s vSLAM handles low-light and complex furniture layouts with fewer mapping errors.

Mopping Ability & Smart-Home Integration

Only the Roomba 115X Combo models include mopping: a removable microfiber pad vibrates at 3,000 rpm while releasing water from the 300 ml tank, ideal for light-to-moderate spills on sealed hard floors.

Shark’s AI Ultra and AV2501S are vacuum-only and have no mopping hardware.

For smart-home integration, iRobot’s Home app works with Alexa, Google Assistant, and Apple HomeKit (via Siri Shortcuts) as of 2026.

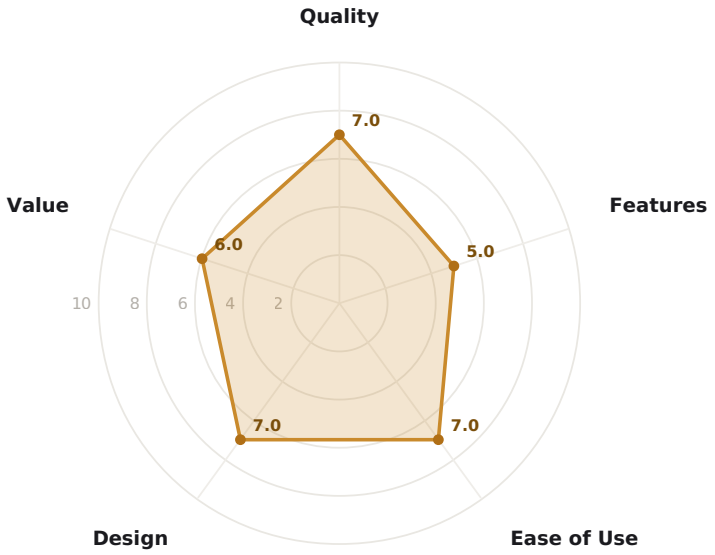

Shark’s app supports Alexa and Google Assistant but does not yet offer native HomeKit compatibility.

Frequently Asked Questions

What is the best robot vacuum?

iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock is our current top pick for Robot Vacuums. It earned an Abvorn Verdict score of 6.4/10 for quality, features, ease of use, and at $199.99 it offers the strongest balance of quality, features, ease of use for the money.

Is iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock worth it?

Based on our research, yes for most people. iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock scored 6.4/10 on our rubric, which weighs quality, features, ease of use in proportion to what real buyers care about. iRobot Roomba 115X Combo Robot Vacuum & Mop with AutoEmpty Dock excels in Quality but falls short on Features. Our view: Great mid-range value that punches above its weight.

How much should I spend on robot vacuums?

You can get a genuinely good robot vacuum for around $139.99. Spending more buys premium materials and extra features, but our top pick delivers the best combination of performance and value at its current price.

What should I look for when buying robot vacuums?

We score every product on quality, features, ease of use. Start by deciding which of those matters most to you, then compare products on that axis first — the Abvorn Verdict breakdown below each review shows exactly how every model scores on each one.

How does Abvorn research products?

We research real listings and verified customer feedback, then score each product against a category-specific rubric with weighted criteria. Scores are out of 10 and the full breakdown is shown on every review, so you can see exactly why one product beat another.
