Cleaning Performance: Suction & Navigation

Suction power – Owner feedback consistently rates the Shark AI Ultra's suction as "strong" on carpets, thanks to its self-cleaning brushroll that stops hair wrap. The Roomba 115X uses a 3-stage system with rubber brushes that excel on hard floors and low-pile carpet but may need more frequent bin emptying in pet-heavy households.

Navigation intelligence – Roomba's Imprint Smart Mapping builds a persistent floor plan you can edit room-by-room in the iRobot app, enabling selective room cleaning and no-go zones. Shark's AI Laser Navigation scans the space in real time, adjusting to furniture moves, but it doesn't store a map you can tweak.

Which Model Fits Your Lifestyle?

- **Choose the Roomba 115X Combo with AutoEmpty Dock** if you want true hands-free operation, have pets, and value the convenience of a self-emptying base that holds up to 60 days of debris.
- **Choose the Roomba 115X Combo without dock** if you're watching the budget, don't mind emptying the bin after each run, and still want solid vacuum-and-mop performance on mixed floors.
- **Choose the Shark AI Ultra** if you have a large home with thick carpets, prefer a bagless base that lasts 30 days, and appreciate AI laser navigation that adapts on the fly.
